

## JLT Billet Lower Grille Bezels (2007-09 GT500) #JLTGBGT500

1	<b>Gather all of the following tools needed for the installation:</b> 2 ¼" hole saw, angle drill or drill with extensions
2	Raise car to good working height using lift or jack and jack stands.
3	<p>Using your drill and the 2 ¼" hole saw, drill from the back side of the bumper through the grille. Using a small angle drill or flexible extension will help. You can remove the bumper if you do not have the angle drill. You can also use a small air ratchet and socket if your hole saw has a hex shaft. See picture. Then snap in the bezels.</p> 

Thanks for the business. If you have any questions, please e-mail [jay@JLTtruecoldair.com](mailto:jay@JLTtruecoldair.com) or call 757-335-1940. Our hours are 8:00am – 5:00pm Eastern Time.
