

ADJUSTABLE FRONT STRUTS REAR SHOCKS

(MUSTANG)

ADJUSTMENT

- All SR Performance Struts are 32-way adjustable.
- Adjustments are made using the supplied Allen tool.
- Adjustments are only ever made from the top of the strut.
- Never remove any Allen screws on the base of the strut.
- Clockwise rotation of the adjuster stiffens the shock.
- Turn the adjuster all the way tight (clockwise) Then, back the adjuster off half way and adjust as needed.
