STEP 1

Place the metal emblem holder in a suitable location of the grille facing outward. Using (2) threaded spacers on the inside of the grille and (2) Phillips screws, secure the base to the grille.

STEP 2

Clean the metal emblem holder using isopropyl alcohol and a microfiber cloth. Once dry, adhere the supplied double sided tape to the metal emblem holder. Apply firm and even pressure to ensure the tape is fully adhered to the emblem holder.

STEP 3

Peel the film from the double sided tape previously applied, then adhere the emblem to the vehicle. Apply firm and even pressure to ensure the emblem is properly adhered to the emblem holder.

Installation is now complete.
