TOOLS REQUIRED

Exterior Detailer
Microfiber Cloth

SKU # 463447

STEP 1

Clean the vehicle tail light using exterior detailer and a microfiber cloth, and allow to fully dry.

Clean the perimeter of each red portion of the tail light using (1) alcohol prep pad, and allow to fully dry.

Clean the perimeter of each red portion of the tail light using (1) adhesion promoter prep pad, and allow to fully dry.

STEP 2

Locate the labels embossed in each tail light cover panel. Use the diagram above to determine the tail light cover panel fitment locations.

STEP 3

Peel the red tape backing from the double sided tape. Fit the bottom of the cover panel to the vehicle, then press the top of the panel to the tail light. Firmly press the cover into place to encourage tape adhesion.

STEP 4

Repeat Steps 1-3 for all remaining tail light cover panels.

Installation is now complete.
