

CATBACK EXHAUST SYSTEM

(2015-2023 CHALLENGER - 3.6L V6)

INSTALLATION INSTRUCTIONS

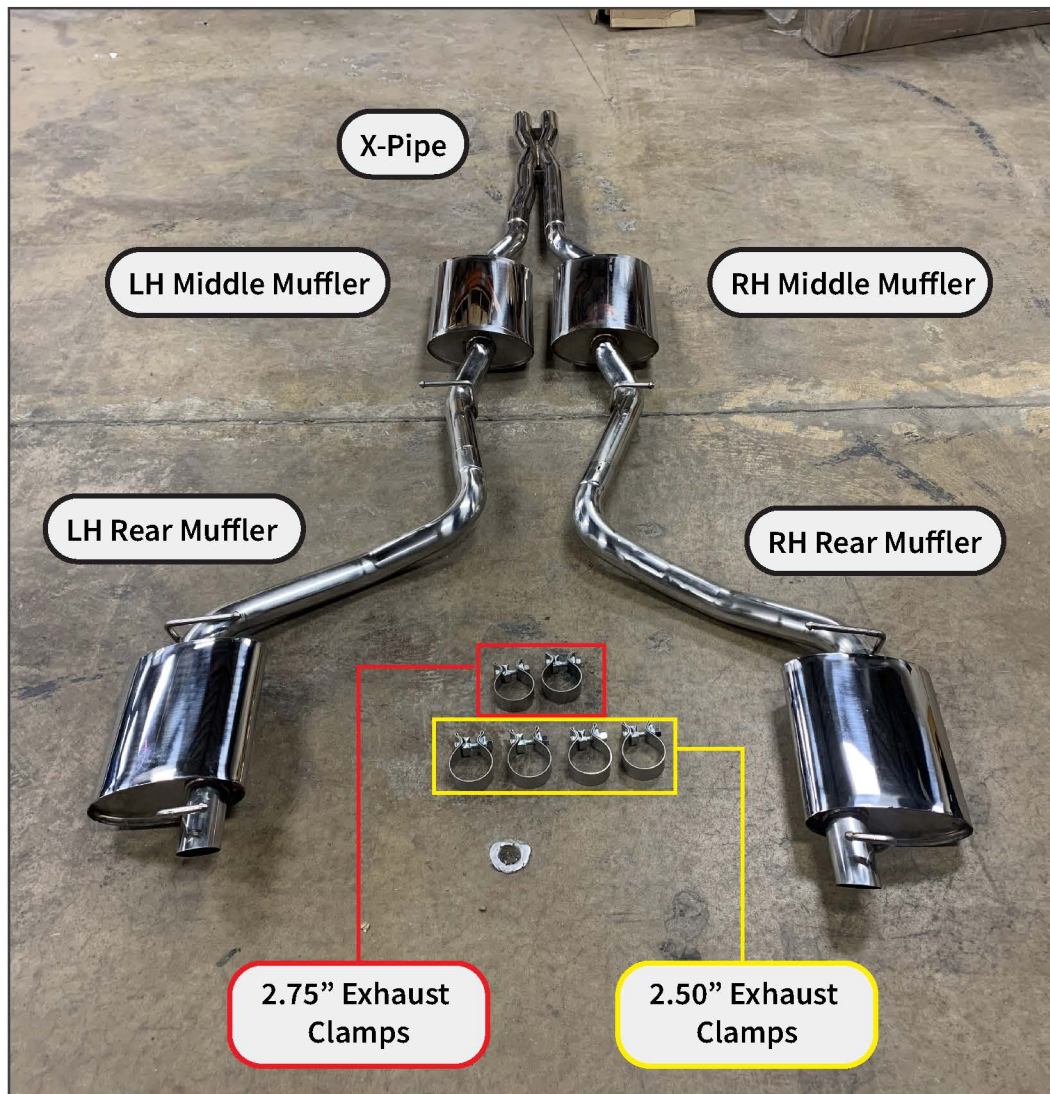

CONTENTS

- (1) X-Pipe
- (1) LH Middle Muffler
- (1) RH Middle Muffler
- (1) LH Rear Muffler
- (1) RH Rear Muffler
- (4) 2.5" Exhaust Clamps
- (2) 2.75" Exhaust Clamps

TOOLS REQUIRED

- 13mm, 15mm Sockets
- Ratchet
- Spray Lubricant
- Floor Jack and Jack Stands

SKU # CH21939

Lay out and identify all exhaust components. Once identified, remove the vehicle exhaust by removing various exhaust hangers and loosening all exhaust system clamps/flanges.

With assistance, lower the vehicle exhaust from the vehicle. Transfer all exhaust hangers from the original exhaust to the new exhaust in the same orientation and location. Loosely secure each piece of the exhaust system together using (1) exhaust clamp per joint.

Adjust the exhaust to best fit the vehicle bumper cutouts, while avoiding the suspension/driveline components, and tighten all exhaust clamps to 45 ft. lbs.

Installation is now complete.
