**STEP 1**

Clean the surface of the original vehicle rear spoiler.

**STEP 2**

Align the spoiler extension to the existing rear spoiler on the vehicle. Using the (6) foam pads and (6) Phillips screws, secure the spoiler extension to the existing chin spoiler.

**STEP 3**

Install the Wicker Bill to the spoiler extensions using provided M8 bolts and flat washers. Tighten until secure.

**STEP 4**

Installation is now complete.
