

LED LICENSE PLATE LAMP

(2008-2014 CHALLENGER) 

INSTALLATION INSTRUCTIONS

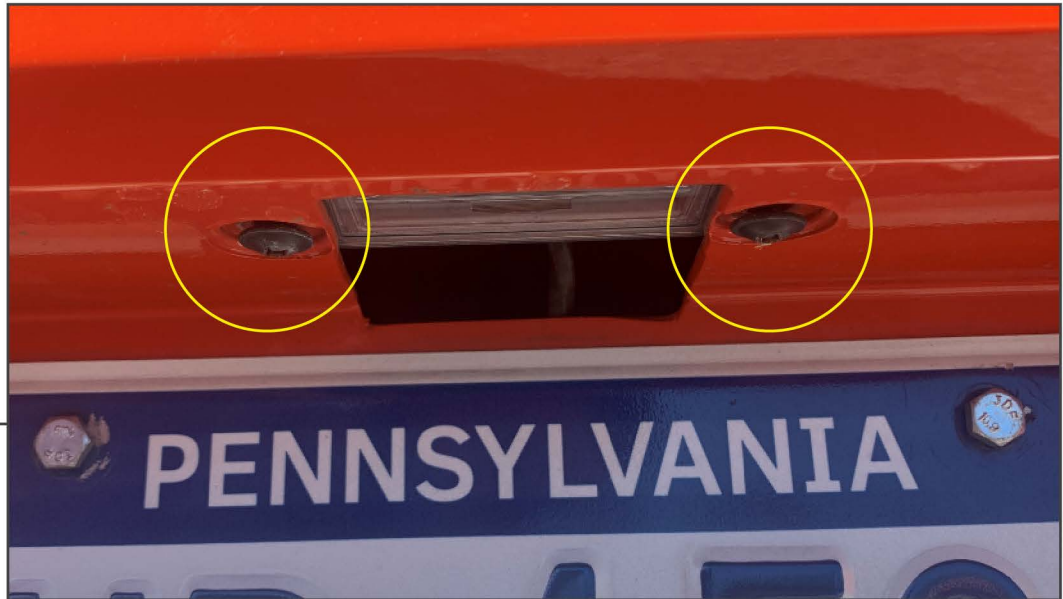

CONTENTS

(1) License Plate Light

TOOLS REQUIRED

Phillips Screwdriver

STEP 1

Remove the (2) Phillips screws above the license plate.

STEP 2

Twist the light socket counter clockwise to remove the light socket from the original light housing. Remove the light bulb from the light socket.

STEP 3

Plug the LED license plate light into the light socket.

STEP 4

Align the LED license plate light with the holes in the bumper above the license plate. Re-using the (2) Phillips screws, secure the LED license plate light into place.

Installation is now complete.
