

REAR DOOR HANDLES

(2021+ MUSTANG MACH-E)

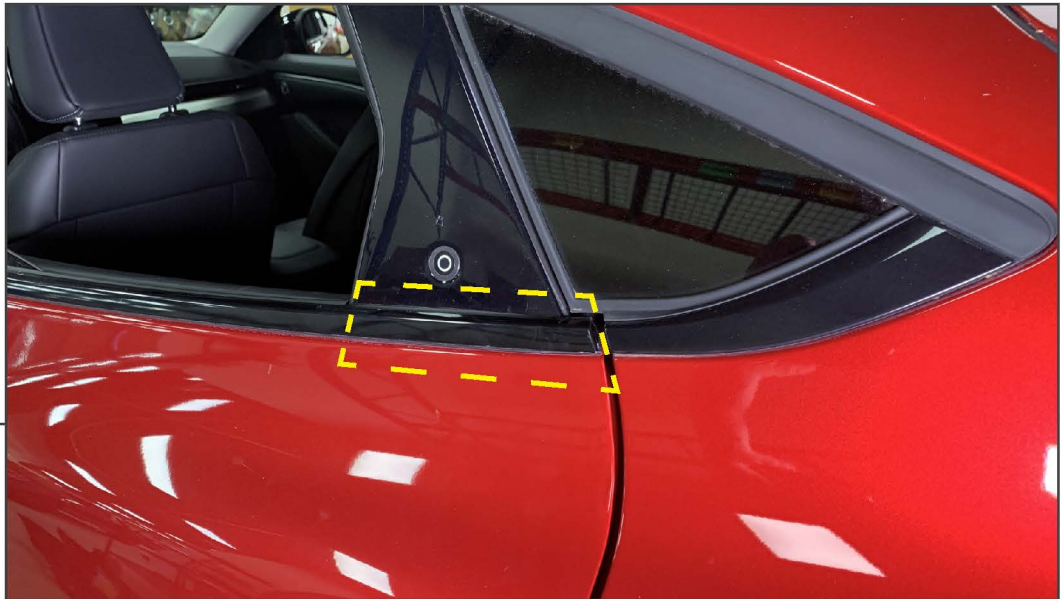

INSTALLATION INSTRUCTIONS

CONTENTS

- (1) LH Rear Door Handle
- (1) RH Rear Door Handle
- (2) Adhesion Promoter Pads
- (1) Torx Key

TOOLS REQUIRED

Torx Key (Provided)

STEP 1

Clean the designated area of the door using (1) adhesion promoter pad.

STEP 2

Open the vehicle door, and remove (1) screw from the top of the door using the provided Torx key.

STEP 3

Remove the double sided tape backing from the door handle, and slide the handle onto the exterior door trim.

STEP 4

Secure the door handle using the original Torx screw.

Note: Do not over tighten the screw.

STEP 5

Repeat steps 1-4 to the opposite side of the vehicle.

Installation is now complete.
