# MOLDED TRUNK LINER

(2021+ MUSTANG MACH-E)

---

## INSTALLATION INSTRUCTIONS

### CONTENTS

---

(1) Trunk Liner

### TOOLS REQUIRED

---

Vacuum Cleaner (Optional)

**STEP 1**

Clear all contents from cargo area. Clean the vehicle trunk area with a vacuum cleaner, if desired.

**STEP 2**

Place the trunk liner into the vehicle trunk area, ensuring the edges are properly fitted around the trunk area. Placing the liner in the sun before installation will assist in forming the edges.

Installation is now complete.
